

Club Report Summer 2010

Club:	Leeds University Union Scout and Guide
SSAGO Rep:	Helen Miles

Bridge Building at Service Camp

Weeding at Service Camp

This term we have been busy continuing with weekly activities and pub lunches. We have been climbing, going to the cinema, pancake making,

playing games in the park as well as using pub quizzes to relieve the revision boredom.

We visited the GirlGuiding Centenary Exhibition at Leeds City Museum and attended the Ugly Bug Ball.

We have carried out two service camps at our local district Scout campsite – a very cold one in March and a much warmer one to celebrate the end of exams. We hope to make these service camps a more regular occurrence.

In March we held our AGM and the new committee was elected with an additional role of quarter master being introduced to manage our ever expanding kit.

Having won the 2011 SSAGO Ball the Ball Committee has been busy starting to organise the Ball.

In the new academic year we are looking forward to attending the second 'Yorkshire Fresher Camp', to be hosted by Stings.

We are also trying to increase the links with the local Network. To begin we are going to help out at a beer festival they are hosting in the autumn.

Most importantly we hope to get plenty of use out of our lovely new, shiny, camp kit!
