### PLUGS Club Report Summer 2010

It has been a really short term but we've made the most of it. The term started with invites to both the Volunteering awards and the Union Society awards to recognise our hard work around the place. Although we were unsuccessful at the union awards we received the Volunteer Team of the Year. Sarah Courtnage received the Leader in Volunteer award for her hard work organising a local district Thinking Day event, while Robyn Dexter received a Volunteering Champion award for her hard work as president in establishing and running the society.

We started our own programme of badges this term with the launch of the Drinkers Badge which was a great night out and was proved that even a tea-totaller can have a good night out and complete the badge!

We finished off the term with Handover which unfortunately ended up as a meal not a camp but was still a really good evening, where we had our own awards including the welly wanger award for best slip up during the year which was awarded to James for repeatedly reducing us to hysterics with his antics including falling out of a hammock and walking through a campfire!

Plans for freshers have already begun and include support groups for Duke of Edinburgh, Queen's Guide, Queen's Scout and Commonwealth awards, along with our programme of badges including 'Banquet-on-a-Budget' and the advanced drinkers badge.
