

Club report Summer 2010

Club: Strathclyde University Guides and Scouts
SSAGO Rep: William McFarlane

What have you been up to this term?

S.U.G.S. had a successful evening at the Glasgow Climbing Centre. We joined a group of local guides and had great fun attempting to scale the walls. All was going well until the staff member assigned to making sure we didn't die decided that the wall was too easy for two of our members and we were put onto a rather more tricky affair.... Both members swiftly put in their place! Also abseiled down the side of the building (60ft renovated church!).

Also the club had a full turn out at a recent 21st Birthday party, which was a great social event. This year has been tricky for us, as members have struggled to get out onto a weekly basis, but when we have got together, its been great!

Highlights and achievement:

Would need to be abseiling down the side of a 60ft church, and indeed getting one member who had only first managed to get over her fear of heights on a much smaller wall at our Easter camp last year!

Future plans:

There is a rough plan to sort at least a day away somewhere nice in the summer, possibly the new Go Ape centre up in Stirling. Fresher's Fair is soon to be booked, and the new committee hope to be a bit more organised than we were last year, as we really need some new members.
