

Club report for SCOGUI  
Megan Jones

It's been a busy couple of months fundraising and recruiting new freshers. Over the summer several members of the club went fundraising by selling programmes at the British F1, the Pageant of Power and World Superbikes. They were very enjoyable weekends, and we're now starting to feel the benefits of all the fundraising! During the summer we also went on a trip to a wet and windy Brighton for a weekend seaside camp. It was well attended and lots of fun!! And then it was the start of term and the big push to try and recruit lots of new freshers! At the freshers bazaar we had lots of interest, possibly because of the amazing campfire cakes and SCOGUI cookies! The freshers events planned included freshers campfire, freshers pub crawl and freshers camp all of which were huge successess. The past couple of weeks we've been sno-tubing, pioneering, cub badge night and a pirate murder mystery, with the next couple of weeks full of jive dancing, ready steady cake and the annual christmas meal!
