

CUSAGC Club Report

Over the Christmas holidays, CUSAGC went on our annual winter trip to the Peak District. This year, we had one of our largest turnouts in recent years. The club travelled to Hathersage for 3 days of walking in wintry weather. Staying in one of the most luxurious scout huts ever, we had 2 days of nice, if windy weather, and a final day of torrential rain. Kinder Scout was scaled, along with Win Hill. A brilliant time was had by all.

Returning to Cambridge, the first event of term was a traditional wide game. Despite a chilly evening, everyone enjoyed themselves. The Sunday after, we headed out of Cambridge for the Forward recce hike. Forward is an incident hike we run for local 10-14 year olds in Scouting and Guiding. This hike provided the event organisers with a essential opportunity to have a look at the route, and for the rest of the club to enjoy getting out of the bubble.

A quiz night preceded one of the social highlights of Lent term, our annual dinner. We had AAC Network Cambridgeshire as our guest speaker (a former SSAGO member!) and enjoyed his excellent speech, as well as the normal amusing one from our president. The food at Downing college was excellent, and plenty of wine was consumed as well!

The club went bouldering at the local sports centre, which is always a popular activity. Coming up in the rest of term, we have our annual night hike, the Forward incident hike mentioned earlier and a fire night for the pyromaniacs. The term will be rounded off with a traditional progressive meal.
