

Wolverhampton SSAGO Club Report,

We have had a couple of months since the last rally, after sorting out the membership we now have 16/17 members who have joined the society this has increased by 10 members compared to last year! impressive or what! We also have had the most members sign up to this rally with a number of about 7/8 coming to bristol!

From the last rally we had our club flag produced which was paid for by development fund! can see the photo below!

We have been up to a lot of different things in our club meetings; such as making pancakes, launching marshmallows around the union, ran a secret santa and had a cracking christmas party! as well as making playdough and armpit fudge!

We have plans to sort out trips to Banks Brewery, Wolf Mountain, Airspace as well as sorting out a smashing summer camp! As well as branching out to our Walsall branch in order to increase our membership numbers!

It's going to be an exciting few months for SSAGO and we are looking to keep on growing! and create a buzz for our summer camp in which is going to keep the excitement flowing through the break.
